

Industrial Stapler

Model F / F PN

The model F industrial stapler is suitable for closing specialized packaging, such as lids, sides, trays and flat sheets, but can also be used for a wide range of industrial stapling. This powerful machine can easily staple textiles, leather, plastics and thin metal sheeting.

The machine is of a very robust design, with a steel tubing frame and wearing parts of hardened steel. The side stapler is available for pedal or pneumatic operation and takes either JK561 or JK53 staples.

The unique design with its sloping anvil holder makes the machine very efficient and easy to work with. The throat depth is 400 mm and the free anvil height on the pedal driven model F is 860 mm. The pneumatic variant F PN has an even greater free anvil height of 1000 mm.

When ordering please use the following article numbers:

- 120441** Industrial Stapler F 53
- 120568** Industrial Stapler F 53 PN
- 143052** Repair kit for stapling head 53-9-15
- 400130** Staple JK53-09
- 400132** Staple JK53-12
- 400134** Staple JK53-15

- 120370** Industrial Stapler F 561
- 120560** Bottom Stapler F 561 PN
- 143053** Repair kit for stapling head 561-12-22
- 400142** Staple JK561-12K
- 400145** Staple JK561-15K
- 400144** Staple JK561-15G
- 400153** Staple JK561-18K
- 400152** Staple JK561-18G
- 400158** Staple JK561-22K

Technical data

Length, mm (in.)	920 (36.2)
Width, mm (in.)	750 (29.5)
Height, mm (in.)	1350 (53.1)
Weight, kg (lbs)	39 (86)
Throat depth, mm (in.)	400 (15.8)
Free anvil height with foot pedal	860 (33.9)
Free anvil height with pn. drive	1000 (39.4)
Operating pressure PN, bar (psi)	5 (72)
Max. pressure PN, bar (psi)	7 (100)
Magazine capacity, staple type JK53	312
Magazine capacity, staple type JK561	300
